BondCrete

Bondall BondCrete is an extremely versatile bonding and sealing agent widely used in the building and renovating industry.

BondCrete has many uses that include:

Toppings & repairs, rendering & plastering, tile fixing & grout, sealing, binding & dust proofing, carpentry joinery and general craftwork. This product is not suitable for wet areas and waterproofing applications.

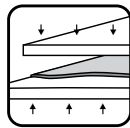

Sizes available - 250 ml, 500 ml, 1L, 2L, 4L 15L, 20L & 200L

Features & Benefits

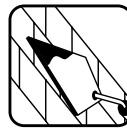

- Versatile bonding and sealing agent
- Exclusive resin additive ensuring maximum bonding strength
- No need to hack, chip or acid etch most surfaces before bonding
- Concentrated high solid product, providing a high dilution ratio, ensuring users get value for money

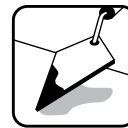

**SEALING,
BINDING &
DUSTPROOFING**

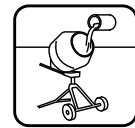

**CARPENTRY,
JOINERY &
CRAFTWORK**

**RENDERING,
PLASTERING
& TILE FIXING**

**TOPPING
PATCHING AND
REPAIRING**

**ADMIX FOR
CEMENT RENDERS,
MORTARS & PLASTERS**

POLBOND 4000

Bondall Polbond 4000 gives a high strength bond on a variety of timbers and is particularly suited for cold press lamination of Formica to chipboard.

Sizes available - 20L & 200L

Features & Benefits

- Provides a high strength bond
- Versatile
- Dries very hard
- Dries clear
- Non staining

POLBOND 7000

Bondall Polbond 7000 is a strong and versatile woodworking PVA adhesive with very quick setting time.

High quality PVA woodworking adhesive designed for fast drying and bonds of high tensile strength.

Sizes available - 20L & 200L

Features & Benefits

- Extremely strong
- Good water resistance
- Quick setting
- Non-staining
- Non-irritant to the skin
- Moisture and humidity resistant
- Does not run on vertical surfaces

BORE & RUST STAIN REMOVER

Bondall Bore & Rust Stain Remover is designed to remove unsightly bore, rust and tannin stains on concrete, brickwork, pavers, painted surfaces and fibro sheeting prior to sealing with Bondall sealers or before painting.

Sizes available - 750ml & 5L

Features & Benefits

- Efficiently removes light bore, rust and tannin stain
- Easy to use

EFFLORESCENCE STAIN REMOVER

Bondall Efflorescence Stain Remover is a phosphoric acid based product designed to remove most unsightly white powdery stains (calcium carbonate) that appear on brickwork, pavers, concrete work and rammed earth blocks prior to them being coated with Bondall Sealers.

Sizes available - 2L & 5L

Features & Benefits

- Easy to apply and use
- Fast acting
- Can be used as an etching agent for concrete

MOSS & MOULD ELIMINATOR

Bondall Moss & Mould Eliminator is a very effective remover of moss and mould from brick pavers, walls, roof tiles and most porous surfaces.

It is useful for surface preparation prior to treatment with Bondall sealers.

Sizes available - 2L & 5L

Features & Benefits

- Powerful remover of moss and mould
- Does not contain Chlorine
- Suitable for interior and exterior use
- Safe to use on fabric and painted surfaces

MULTI PURPOSE DEGREASER

- Powerful remover of moss and mould
- Does not contain Chlorine
- Suitable for interior and exterior use
- Safe to use on fabric and painted surfaces

Sizes available - 750ml & 5L

Features & Benefits

- Biodegradable making it safer for the environment
- Fast acting
- Non caustic and non solvent based

MOULD RID

Mould Rid is a very effective remover of mould and mildew from kitchen, laundry and bathroom areas.

Sizes available - 750ml

Features & Benefits

- Very effective remover of mould, moss and mildew
- Does not contain chlorine
- Suitable for interior and exterior use
- Safe to use on fabric and painted surfaces

TILE & GROUT CLEANER

Tile & Grout Cleaner is a powerful, ready to use, fast working cleaner. It removes most ingrained dirt, grease, grime and oil deposits without damaging the surface. It is non-caustic making it safer for the environment.

Sizes available - 750ml & 5L

Features & Benefits

- Ready to use
- Safe for the environment
- Fast acting

RANEX RUSTBUSTER

Ranex Rustbuster converts rust from a detrimental oxide to a phosphate of iron, thus prolonging the life of the metal and paint.

Sizes available - 250ml, 500ml, 500ml Trigger pack, 1L, 4L & 20L

Features & Benefits

- Penetrates deep to convert and chemically destroy rust
- Removes surface rust, cleans and brightens polished surfaces
- Removes ugly rust and bore water stains
- Cleans boats, polishes stainless steel fittings

GARAGE & FACTORY FLOOR PROTECTOR

Features & Benefits

Bondall Garage & Factory Floor Protector is formulated on a modified polyurethane alkyd resin that provides a tough hardwearing film with good abrasion resistance and excellent durability.

It is primarily intended for use on concrete floors, but can also be used on brick, stone and timber if required.

Colours: Rivergum, Black, Chestnut, Ferric Red, Forrest Green, Sandstone, Terracotta, White

Sizes available - 2L, 4L & 10L

- Single pack
- Contains Slip-guard™ to reduce slipping
- Forms a tough hard wearing film
- Good abrasion resistance
- Excellent durability
- Low sheen finish
- Tintable

BondCrete

Features & Benefits

Bondall BondCrete is an extremely versatile bonding and sealing agent widely used in the building and renovating industry.

BondCrete has many uses that include:

Toppings & repairs, rendering & plastering, tile fixing & grout, sealing, binding & dust proofing, carpentry joinery and general craftwork. This product is not suitable for wet areas and waterproofing applications.

Sizes available - 250 ml, 500 ml, 1L, 2L, 4L 15L, 20L & 200L

- Versatile bonding and sealing agent
- Exclusive resin additive ensuring maximum bonding strength
- No need to hack, chip or acid etch most surfaces before bonding
- Concentrated high solid product, providing a high dilution ratio, ensuring users get value for money

HYDROCRETE

Features & Benefits

Bondall Hydrocrete is a water-resistant bonding and sealing agent.

It provides outstanding resistance to hydrolysis and is a perfect admixture for concrete and cement mortars.

Sizes available - 1L, 4L, 15L & 200L

- Water resistant
- Perfect for wet areas and exterior applications
- Contains a styrene-butadiene latex to provide excellent adhesion
- Ideal admixture for cement
- Bonds concrete to glass and metal

SILASEC

Features & Benefits

Bondall Silasec is a concentrated liquid waterproofing compound designed to be used with Type GP Cement to form a permanent waterproofing barrier on masonry and concrete structures and floors.

Sizes available - 1L, 2L, 4L, 20L & 200L

- Forms a permanent waterproofing barrier
- Waterproofs renders or toppings
- Waterproofs fishponds and pools
- Waterproof tile grout for showers
- Waterproofs cement repair putty
- Can be used on above or below ground applications
- Can be used on interior or exterior applications

DAMPCOURSE

Features & Benefits

Bondall Dampcourse is a clear additive for use with cement mortar for laying. The use of this admixture helps to prevent the capillary movement of water up a masonry wall above the mortar level.

Sizes available - 4L & 15L

- Prevents rising damp

PLASTICISER

Features & Benefits

Bondall Plasticiser is an additive when mixed with a cement mortar allows greater workability and can be used as a partial or complete replacement for lime at a fraction of the cost.

Sizes available - 4L & 15L

- Allows greater workability of mortar
- Cost effective

BondCrete

Bondall BondCrete is an extremely versatile bonding and sealing agent widely used in the building and renovating industry.

BondCrete has many uses that include:

Toppings & repairs, rendering & plastering, tile fixing & grout, sealing, binding & dust proofing, carpentry joinery and general craftwork. This product is not suitable for wet areas and waterproofing applications.

Sizes available - 250 ml, 500 ml, 1L, 2L, 4L 15L, 20L & 200L

Features & Benefits

- Versatile bonding and sealing agent
- Exclusive resin additive ensuring maximum bonding strength
- No need to hack, chip or acid etch most surfaces before bonding
- Concentrated high solid product, providing a high dilution ratio, ensuring users get value for money

NATURAL FINISH SEALER

Bondall Natural Finish Sealer is a revolutionary, penetrating, film forming water based sealer. It is ideal for sealing concrete, clay, natural stone, brickwork, large format paving and reconstituted limestone pavers on patios and other areas. Suitable for use around swimming pools

Sizes available - 2L, 5L Pump Pack, 5L Refill Pack, 15L, 20L & 200L

Features & Benefits

- Water resistant
- One day application wet-in-wet formula
- Seals, binds and protects most masonry surfaces
- Assist with reducing efflorescence
- Resists algal and fungal growth
- Enhances natural colour of surface
- For horizontal and vertical surfaces
- Interior and exterior use

PAVING & CONCRETE SEALER

Bondall Paving & Concrete Sealer is a hard wearing acrylic clear finish for coating clay or concrete pavers, concrete floors, unglazed tiles and slate.

This product is not recommended for use around wet areas e.g. swimming pools

Sizes available - 5L Pump Pack, 5L Refill Pack, 15L & 200L

Features & Benefits

- Hard wearing
- Dust proofs
- Enhances natural colour of surfaces
- Protects from staining and soiling
- Highly trafficable
- Interior and exterior use

LIMESTONE & SANDSTONE SEALER

Bondall Limestone & sandstone Sealer is a clear siloxane sealer designed to seal, bind and repel moisture from natural and reconstituted limestone and sandstone surfaces.

Bondall Limestone & Sandstone Sealer is ideal for sealing both vertical and horizontal porous natural and reconstituted limestone and sandstone .

Sizes available - 10L

Features & Benefits

- Penetrating sealer
- Water based
- Non-yellowing
- Assists against efflorescence, staining, soiling and algal & fungal growth
- Binds & strengthens limestone & sandstone surfaces

SLATE SEALER

Slate Sealer is a single pack clear coating for slate, natural stone and various quarry tiles. It leaves a glossy finish depending on the porosity, texture and application.

Sizes available - 1L & 4L

Features & Benefits

- Water Based
- Enhances the natural colour of stone
- Easy to apply
- Suitable for interior and exterior use
- Fast drying
- Prevents soiling
- Hard wearing

TERRACOTTA SEALER

Terracotta Sealer is a clear penetrating solution that waterproofs unglazed terracotta tiles without leaving a slippery film coating.

Sizes available - 1L

Features & Benefits

- Water Based
- Water resistant
- User friendly
- Resilient to household chemicals
- Non-slip

TILE & GROUT SEALER

Tile & Grout Sealer is a clear penetrating solution that waterproofs unglazed tiles and grout without leaving a slippery film coating.

Sizes available - 1L & 4L

Features & Benefits

- Water Based
- Easy to use
- Invisible moisture repellent film
- Non-slip
- Water resistant

CONCRETE FLOOR SEALER

Concrete Floor Sealer is hard wearing water based clear finish for coating concrete floors and natural stone surfaces. It dust proofs, stabilizes and enhances the natural colour of the substrate and may be tinted to achieve a translucent finish.

Sizes available - 4L

Features & Benefits

- Water Based
- Hard wearing
- Dust proofs
- Enhances natural colour of surface
- Trafficable
- Suitable for interior and exterior use

THOMPSON'S WATER SEAL

Thompson's Water Seal is a transparent, water based water repellent that is designed to penetrate dry, porous, exterior substrates to prevent ingress of moisture.

Thompson's Water Seal is unique in its versatility in waterproofing most porous building material such as brick, concrete, wood, stone, slate etc.

Sizes available - 1L & 5L

Features & Benefits

- Transparent
- Low viscosity
- High penetration
- Water based
- Perfect for brick, concrete, masonry, slate and wood substrates

THOMPSON'S WATER SEAL ULTRA

Thompson's Water Seal Ultra is a unique high performance transparent water repellent that penetrates exterior brickwork and cementitious substrates.

It is suitable for exterior brickwork, pointing, rendering and concrete type surfaces. It is not suitable for wood substrates.

Sizes available - 1L & 5L

Features & Benefits

- Transparent
- Lasts twice as long as most conventional water repellents
- One coat is normally sufficient from most substrates
- Non-staining
- Low viscosity
- High penetration

POT SEALER

Bondall Pot Sealer is the ideal choice for sealing pots after they have been suitably prepared with Bondall Pot & Ornament Cleaner.

It will seal, bind, protect and waterproof most pot surfaces while still retaining a clear natural look.

Sizes available - 750ml

Features & Benefits

- Increases surface hardness
- Seals, binds and protects
- Gives a clear natural look
- Outstanding exterior durability
- Reduces staining and soiling
- Resists algal and fungal growth

MONOLAC

Bondall Monolac is a premium quality single pack, clear dressing for slate, natural stone, unglazed terra cotta tiles, quarry tiles, paving bricks and other natural decorative materials.

Bondall Monolac is based on a crystal clear acrylic resin.

Sizes available - 1L, 4L & 20L

Features & Benefits

- Enhances the natural colour of stone
- Prevents soiling
- Easy to apply
- Suitable for interior and exterior use
- Fast drying
- Hard wearing clear surface

POOL PAVING SEALER

Bondall Pool Paving Sealer is a clear solvent based water repellent/sealer for salt and chlorinated pool surrounds. It forms a water repellent barrier and allows the treated surface to breathe enabling moisture vapour to escape whilst protecting against water penetration and damage.

Sizes available - 1L, 4L & 15L

Features & Benefits

- Non film forming
- Suitable for salt water & chlorinated pools
- Reduces efflorescence
- Suitable for most porous pavers

MULTI SURFACE WATERPROOFER

Bondall Multi Surface Waterproofer is an effective, all purpose transparent water repellent that penetrates dry, porous, exterior surfaces to form a water repellent barrier which helps to prevent water damage.

Bondall Multi Surface Waterproofer allows the treated surface to breathe enabling moisture vapour inside to escape whilst protecting against water penetration and damage. It is not recommended for protection against total immersion in water.

Sizes available - 1L & 4L

Features & Benefits

- Penetrating sealer
- Allows the surface to breathe
- Usable on a variety of surfaces
- Can be painted over

BALLISTOL

Ballistol is an extremely affective and versatile product, used to lubricate mechanical parts. It also acts as a corrosion inhibitor. General uses include motor vehicles, boats, bikes etc. There are no equivalents on the market place that offer the same level of lubrication, cleaning and protection as Ballistol. Ballistol can also be used to treat plastic and leather dash boards.

Sizes available - 50ml, 200ml, 300g, 400ml aerosol & 500ml pure oil

Features & Benefits

- Lubricant & corrosion inhibitor
- Neutralises acidic residues
- Waterproof leather and prevents mildew
- Preserves wood in extreme damp or dry
- Cleans all metals
- Disinfects
- Biodegradable & non toxic
- Miscible in water
- Electrically insulating
- Ultra violet filtering
- Never gums up

RANEX RUSTBUSTER

Ranex Rustbuster converts rust from a detrimental oxide to a phosphate of iron, thus prolonging the life of the metal and paint.

Sizes available - 250ml, 500ml, 500ml Trigger pack, 1L, 4L & 20L

Features & Benefits

- Penetrates deep to convert and chemically destroy rust
- Removes surface rust, cleans and brightens polished surfaces
- Removes ugly rust and bore water stains
- Cleans boats, polishes stainless steel fittings

BIG WIPES

Pre-impregnated industrial-strength cleaning wipes designed for use by anyone who needs a very effective and immediately on-hand cleaning product. Say goodbye to dirty wet towels and messy liquid cleaners, say hello to a high-performance mobile multi-cleaner that will tackle just about any dirt or stain.

Sizes available - 80 Large Wipes

Features & Benefits

- Advanced hi-tech cleaning formula
- Suitable for hands, tools and surfaces
- Antibacterial
- Safe for cleaning hands
- Packed in tradesman style tub for immediate use

MOISTURE METER

Easily measure the moisture content of plaster, patching compounds, cement renders, timber etc with this high resolution and quick response meter which features large readable digits with a value hold and low battery indicator.

Features & Benefits

- Portable
- Lightweight
- Accurate to +/- 1%
- Features large readable digits
- Battery operated (9 volt)

BACK TO NATURE Features & Benefits

Back To Nature Paint and Varnish removers are environmentally safe, do not contain methylene chloride or other harsh solvents, and are biodegradable, non-flammable, and non-combustible. They cling easily to vertical surfaces and are virtually odor-free.

All our safe, non-caustic strippers can remove multiple layers, require no neutralization, and can be brushed, rolled or sprayed on.

- Environmentally safe
- Interior/Exterior
- Horizontal & vertical surfaces
- Can be brushed, rolled or sprayed
- Virtually odor free
- Non-caustic

EARLEX SPRAY SYSTEM Features & Benefits

The Earlex Spray Station is truly the modern way to paint and achieve a professional finish every time. The easy-to-use, quick clean-up system won't clog and has low overspray for virtually no waste.

It works for interior and exterior projects, detail projects, fine woodworking projects and much more.

- Ideal for intricate tasks
- Interior/exterior use
- Ideal for walls, ceilings, furniture, fences and decking jobs
- For use with varnishes, paints, enamels, acrylics and stains
- Easy to clean and maintain

EARLEX SPRAY STATION

- HV1900 - 400W
- HV 3500-500W
- HV3900 - 550W
- HV5000 - 625W

WALLPAPER STRIPPER

- DELUXE -2000W
- SS200AUS
- SS77AUS
- LMB240/A

ACCESSORIES

- VISCOSITY CUP (Ford #4)
- BRASS SEAL/NEEDLE/TIP SET
(suits 1900,2900,3900 models)
1.0 mm, 1.5 mm, 2.5 mm
- STAINLESS SEAL/NEEDLE/TIP SET
(suits HV5000, HV7000 models)
1.0 mm, 1.5 mm, 2.5 mm
- SPRAY GUN CLEANING KIT

CORNERTAPE SYSTEM

Features & Benefits

CornerTape sets a pair of perfectly parallel ultra thin metal tapes into which you apply your silicone. The package also contains a special forming tool which fits the gap between the tapes exactly.

CornerTape offers a full system for the application of perfect silicone joints.

- Easy removal
- Simple preparation
- The perfect finish
- Easy to use tools and accessories

MONOCEL CLEAR TIMBER VARNISH

Features & Benefits

Bondall Monocel polyurethane is a durable single pack clear varnish for timber. It is available in 3 gloss levels, Ultra Gloss, Gloss and Satin.

Bondall Monocel is suitable for plywood, furniture, timber paneling, architraves and most other dressed timber surfaces, but is not recommended for use on rough sawn timber or Western Red Cedar or in trafficable areas.

Finishes: Satin, Gloss, Ultra Gloss

Sizes available - 500ml, 1L & 4L

- Suitable for interior and exterior
- Single pack
- Hard durable finish
- Excellent durability and gloss retention
- Contains NanoZ™ Transparent Zinc Oxide for superior protection against harmful UV degradation

MONOCEL GOLD CLEAR TIMBER VARNISH

Features & Benefits

Bondall Monocel Gold is a marine grade varnish designed to provide maximum curability and colour retention, ideal for timber exposed to harsh exterior conditions.

Not recommended for use on rough sawn timber or in trafficable areas.

Finishes: Satin, Gloss

Sizes available - 500ml, 1L, 4L & 300g Aerosol

- Suitable for interior and exterior
- Single pack Aliphatic Polyurethane
- Contains NanoZ™ Transparent Zinc Oxide for superior protection against harmful UV degradation
- Very good adhesion to substrate
- Excellent abrasion and yellowing resistance
- Very good chemical and solvent resistance
- Available in convenient aerosol pack

MONOCEL STAIN & VARNISH - SATIN

Features & Benefits

Bondall Monocel Stain & Varnish is a combined timber stain and clear polyurethane finish. It offers the convenience of a single product finish instead of a separate stain and clear system. It is suitable for use on most interior woodwork, built-in furniture, and paneling.

Bondall Monocel Stain & Varnish is not recommended for MDF board, or floors.

Colours: Baltic Pine, Cedar, Jarrah

Sizes available - 500ml & 1L

- Suitable for interior and exterior
- Single pack stain and varnish
- Easy to use
- Contains NanoZ™ Transparent Zinc Oxide for superior protection against harmful UV degradation

MONOCEL GOLD STAIN & VARNISH - GLOSS

Features & Benefits

Bondall Monocel Gold Stain & Varnish is a high performance single pack, transparent gloss finish for timber doors, plywood, outdoor furniture and timber panelling. It provides maximum exterior durability and colour retention and features NanoZ™ technology.

Colours: Cedar, Jarrah, Golden Oak, Teak

Sizes available - 500ml, 1L & 300g Aerosol

- Suitable for interior & exterior
- Contains NanoZ™ Transparent Zinc Oxide for superior protection against harmful UV degradation
- Available in 4 colours
- 3 year Guarantee offered against cracking, blistering or peeling when used with as instructed with Monocel Gold.

MONOCEL DECKING OIL

Features & Benefits

Bondall Monocel Decking Oil is a high performance; UV enhanced naturally pigmented oil finish providing maximum exterior durability for timber decking.

Protects timber in exterior conditions, highlighting the natural beauty and extending the life of your timber.

Sizes available - 4L & 10L

- Triple protection for timber
- Contains NanoZ™ Transparent Zinc Oxide for superior protection against harmful UV degradation
- Water resistant
- Fungal protection

MONOCEL TIMBEREFFECTS

Features & Benefits

Bondall TimberEffects is a water based, translucent interior/ exterior coating specially designed for application to fibre cement board and similar stable substrates to create a natural timber look.

Ideal for timber decking.
Available in jarrah, cedar and natural finishes.
Colours: Natural, Cedar and Jarrah

Sizes available - 1L & 4L

- Produces a timber grain effect
- Superior resistance to dirt pick up
- Excellent exterior durability and film hardness
- Contains a strong fungicide
- Easy to clean, easy to use and non-toxic
- Very good water resisting characteristics

MONOCEL GP PRIMER SEALER

Features & Benefits

Bondall GP Primer Sealer is a water-based coating designed for application to fibre cement sheeting and similar stable substrates prior to application of Bondall TimberEffects.

Sizes available - 1L & 4L

- Gives excellent adhesion to hardi-board, fibre cement board and similar substrates
- Promotes excellent inter-coat adhesion
- Provides a good neutral background
- Provides an excellent key for Bondall TimberEffects
- Assists to overcome substrate colour variations
- Easy to use, easy to clean and non-toxic

MONOCEL ALL PURPOSE TIMBER SEALER

Features & Benefits

Bondall MonoCel All Purpose Timber Sealer is a revolutionary penetrating 100% acrylic sealer designed to seal, bind, protect and is a water repellent, non-permanent sealer for most timber surfaces.

This product is suitable for untreated timber such as doors, cladding, railings, MDF etc.

Sizes available - 1L & 4L

- Easy to use
- Quick re-coating time
- Water clean up
- Water repellent

AQUATITE

Bondall AquaTite is a user friendly, brushable grey coloured waterproofing membrane designed to waterproof areas which are permanently immersed in water.

It is suitable for both interior and exterior use and meets Australian Standards.

It is not suitable for swimming pools, spas, glazed & semi-glazed surfaces or plastic pots.

Sizes available - 1L, 4L & 10L

Features & Benefits

- Forms a tough, flexible, seamless membrane
- Acrylic based
- Light grey in colour
- Resistant to algal and fungal growth
- Non-toxic/environmentally friendly

PONDTITE

Bondall PondTite is a user friendly, brushable waterproofing membrane designed for waterproofing fish ponds, fountains, water features, non-potable water holding tanks and reflection pools.

It is not suitable for swimming pools, spas, glazed & semi-glazed surfaces or plastic pots.

Bondall PondTite is suitable for both interior and exterior use. Colours: Limestone, Blue Lagoon, Black and Sandstone

Sizes available - 1L & 4L

Features & Benefits

- Forms a tough, flexible, seamless membrane
- Acrylic based
- 4 colours: Limestone, Blue Lagoon, Black and Sandstone
- Resistant to algal and fungal growth
- Non-toxic/environmentally friendly

PONDTITE CLEAR

PondTite Clear is an environmentally friendly, easy to use, clear waterproofer for masonry water features.

It dries to a hard, non-flexible film that will not allow any surface movement.

Sizes available - 1L, 4L & 15L

Features & Benefits

- Dries clear
- Easy to use
- Environmentally friendly

DURATITE

Bondall Duratite is a durable elastomeric membrane, engineered to provide flexibility and increased strength.

Bondall Duratite remains watertight even under permanently wet conditions. The cured membrane is resistant to many chemicals.

This product is not recommended for foot traffic.

Sizes available - 1L, 4L & 10L

Features & Benefits

- Easy to use
- Water based
- Forms a tough, flexible, seamless membrane
- Resistant to algal and fungal growth
- Non toxic
- Environmentally friendly
- Suitable for interior/exterior use

WATERPROOFING APPLICATION KIT

This kit contains suitable materials and application tools to permanently waterproof ponds, water features and shower recesses when used in conjunction with BONDALL DURATITE, AQUATITE, PONDTITE (coloured) or TERRATITE flexible waterproofing membranes

Sizes available - 750ml & 5L

Features & Benefits

- Water based system
- Interior/Exterior use
- Tileable
- Quick drying
- Easy to use
- High sag resistance
- Extremely durable
- Long lasting
- High flexibility

WATERBASED BITUMEN SEALER

Features & Benefits

Bondall Water Based Bituminous Membrane is a general purpose coating for water proofing and protecting surfaces. It is reinforced with a rubber latex to provide flexibility and increased strength.

- Safe and easy to use
- Flexible
- Non-flammable
- Quick drying
- Excellent adhesion
- Safe for potable water
- Suitable for permanent immersion

Sizes available - 1L, 4L & 20L

SHOWERTITE

Features & Benefits

Bondall ShowerTite is designed to waterproof tiles and grout in shower recesses without having to remove the tiles.

- Invisible moisture water repellent sealer.
- Non slip
- Proven technology.

Sizes available - 500ml

EPOXY PREP

Features & Benefits

Bondall Epoxy Prep Surface Conditioner has been specifically formulated as a waterproofing substrate conditioner prior to applying Bondall 'Tite' products.

It can also be used as a water vapour barrier coating prior to laying floor coverings such as carpets, timber flooring and tiles etc.

- Environmentally friendly
- Excellent moisture barrier prior to using the Bondall range of products
- Stabilises dusty and loose surfaces prior to over coating
- May be applied to a damp or green substrates prior to over coating

Sizes available - 2L & 20L kits

POLYWEAVE

Features & Benefits

Bondall Polyweave is a spun laced fabric, textile material composed of staple fibres entangled to form a strong reinforcing fabric.

It is designed to be used with Bondall AquaTite, PondTite, and TerraTite water proofing membranes.

- High tensile strength
- Wets up easily
- Resistant to water
- Resistant to chemicals
- Multi directional
- Resistant to rot

Sizes available - 10 metres

AQUAPUTTY

Features & Benefits

Aquaputty is multipurpose quick set water proofing putty that can be used for variety applications.

- Can be used underwater
- Stops, Leaks, Connects pipes, repairs radiators, home appliances, boats, aquariums, swimming pools, auto parts, fuel tanks etc
- Easy to use
- Can be polished, cut and painted

Sizes available - 57g

HYDROCRETE

Bondall Hydrocrete is a water-resistant bonding and sealing agent.

It provides outstanding resistance to hydrolysis and is a perfect admixture for concrete and cement mortars.

Sizes available - 1L, 4L, 15L & 200L

Features & Benefits

- Water resistant
- Perfect for wet areas and exterior applications
- Contains a styrene-butadiene latex to provide excellent adhesion
- Ideal admixture for cement
- Bonds concrete to glass and metal

SILASEC

Bondall Silasec is a concentrated liquid waterproofing compound designed to be used with Type GP Cement (formally Portland Cement) to form a permanent waterproof barrier on masonry and concrete structures and floors.

It can be used on interior and exterior applications.

Sizes available - 1L, 2L, 4L, 20L & 200L

Features & Benefits

- A permanent waterproofing barrier
- Creates waterproof render or toppings
- Creates waterproof fishponds and pools
- Waterproofs tiles grout for wet areas
- Waterproof quick set cement repair putty
- Can be used in above or below ground applications

MULTI SURFACE WATERPROOFER

Bondall Multi Surface Waterproofer is an effective, all purpose transparent water repellent that penetrates dry, porous, exterior surfaces to form a water repellent barrier which helps to prevent water damage.

Bondall Multi Surface Waterproofer allows the treated surface to breathe enabling moisture vapour inside to escape whilst protecting against water penetration and damage. It is not recommended for protection against total immersion in water.

Sizes available - 1L & 4L

Features & Benefits

- Penetrating sealer
- Allows the surface to breathe
- Usable on a variety of surfaces
- Can be painted over

THOMPSON'S WATER SEAL

Thompson's Water Seal is a transparent, water based water repellent that is designed to penetrate dry, porous, exterior substrates to prevent ingress of moisture.

Thompson's Water Seal is unique in its versatility in waterproofing most porous building material such as brick, concrete, wood, stone, slate etc.

Sizes available - 1L & 5L

Features & Benefits

- Transparent
- Low viscosity
- High penetration
- Water based
- Perfect for brick, concrete, masonry, slate and wood substrates

THOMPSON'S WATER SEAL ULTRA

Thompson's Water Seal Ultra is a unique high performance transparent water repellent that penetrates exterior brickwork and cementitious substrates.

It is suitable for exterior brickwork, pointing, rendering and concrete type surfaces. It is not suitable for wood substrates.

Sizes available - 1L & 5L

Features & Benefits

- Transparent
- Lasts twice as long as most conventional water repellents
- One coat is normally sufficient from most substrates
- Non-staining
- Low viscosity
- High penetration

ADHESIVES

Glues - PVA Porous to Porous (MDF)	BondCrete
Carpentry & Joinery - Adhesive	BondCrete
Furniture Adhesive - Porous to Porous (MDF)	BondCrete
Laminated Board - Adhesive Porous to Porous	BondCrete, Polbond 4000, Polbond 7000
Wood Adhesive - Interior - Porous to Porous (MDF & Pine)	BondCrete

CLEANERS

Anti Fungal Treatment	Moss & Mould Eliminator, FW5, Moss & Mould Terminator, Mould Rid
Bore Stain Removal	Bore & Rust Stain Remover, Ranex Rustbuster
Degreaser	Multi Purpose Degreaser
Efflorescence Stain Removal	Efflorescence Stain Remover
Fungicide	Moss & Mould Eliminator, Moss & Mould Terminator, Mould Rid
Tile & Grout Cleaner	Tileguard Tile & Grout Cleaner
Moss, Mould & Mildew Removal	Moss & Mould Eliminator, Moss & Mould Terminator, Mould Rid
Rust Converter	Ranex Rustbuster
Rust Stain & Tannin Stain Removal	Bore & Rust Stain Remover, Ranex Rustbuster

COATINGS

Concrete Driveways - Coloured Finish	Garage & Factory Floor Protector
Concrete Floor - Light Chemical Resistance - Internal	Garage & Factory Floor Protector
Concrete Floor - Sealing - automotive	Paving & Concrete Sealer/Garage & Factory Floor Protector
Concrete Floor - Sealed - Decorative Finish	Tileguard Concrete Floor Sealer,
Factory Floor Sealer/Protector	Garage & Factory Floor Protector
Hardy Board	TimberEffects GP Primer Sealer, Timber Effects
Flower & Garden Pots	Pot Sealer, Pot & Ornament Sealer, Texture Effects

CONCRETE ADDITIVES

Cement Additives	BondCrete, Silasec, HydroCrete, Damp Course, Plasticiser
Cement Modifier - Render	BondCrete, HydroCrete
Concrete Waterproofing - Admixture	HydroCrete, Silasec
Dampcourse Admixture	Dampcourse
Fish Ponds Concrete - Additive	Silasec
Mortar Plasticiser - Clear	Plasticiser
Plasticiser - Cement Mortar	Plasticiser
Railings/Posts/Balconies - Fixing into Concrete	BondCrete, HydroCrete
Render/Mortar - Adhesion Admixture	BondCrete, HydroCrete
Rendered Walls - Waterproofing Additive	HydroCrete, Silasec
Repair Grout - Cement Based	HydroCrete
Tile Adhesive Additive	BondCrete, HydroCrete
Tile Grout Additive	BondCrete, HydroCrete, Silasec
Waterproofing Additive - Cement Modifier	HydroCrete, Silasec
Crack Repair (greater than 1mm) - Using Admixture	BondCrete, HydroCrete

SEALERS

Brick Paver Sealer - Clear Coat	Limestone & Sandstone Sealer (Vertical Only), Paving & Concrete Sealer, Natural Finish Sealer
Brick Wall - Water Repellent	Natural Finish Sealer, Paving & Concrete Sealer, Multi Surface Waterproofoer, Thompson's Water Seal, Thompson's Water Seal Ultra
Brick Wall - Water Repellent (Matt Finish)	Natural Finish Sealer, Multi Surface Waterproofoer, Thompson's Water Seal, Thompson's Water Seal Ultra
Canvas - Sealing 100% Natural Fibre only	Multi Surface Waterproofoer
Clay Paver - Sealing Around Swimming Pools	Natural Finish Sealer, Multi Surface Waterproofoer, Thompson's Water Seal, Thompson's Water Seal Ultra, Pool Paving Sealer
Concrete Block - Water Repellent (Satin Sheen Finish)	Paving & Concrete Sealer

Concrete Block - Water Repellent (Matt Finish)	Natural Finish Sealer
Concrete Block - Water Repellent (Penetrating)	Thompson's Water Seal, Thompson's Water Seal Ultra, MultiSurface Waterproofer
Concrete Driveways - Clear Finish	Paving & Concrete Sealer, Natural Finish Sealer
Concrete Floor - Sealing - Automotive	Paving & Concrete Sealer, Garage & Factory Floor Protector
Concrete Floor - Sealing & Dust Proofing (Internal)	BondCrete, Paving & Concrete Sealer, Natural Finish Sealer
Concrete Floor - Sealed - Decorative Finish	Tileguard Concrete Floor Sealer, Garage & Factory Floor Protector
Concrete Pavers - Sealer - Clear Coat	Paving & Concrete Sealer, Natural Finish Sealer, Monolac
Concrete Pavers - Penetrating	Thompson's Water Seal, Thompson's Water Seal Ultra, Multi Surface Waterproofer
Concrete Wall - Water Repellent (Low Sheen Finish)	Paving & Concrete Sealer
Concrete Wall - Water Repellent (Matt Finish)	Natural Finish Sealer
Concrete Wall - Penetrating	Thompson's Water Seal, Thompson's Water Seal Ultra, Multi Surface Waterproofer
Dust Proofing/Sealing Concrete Floors - Domestic (Internal)	Paving & Concrete Sealer, BondCrete
Flower & Garden Pot and Ornaments - Decorative	Textured Effects, Chattsworth Rust Base, Verdigris Effect
Flower & Garden Pot and Ornaments - Sealing	Pot Sealer/Pot & Ornament Sealer, PondTite Clear, Thompson's Water Seal, Multi Surface Waterproofer
High Density Pavers	Natural Finish Sealer, Thompson's Water Seal, Thompson's Water Seal Ultra, Multi Surface Waterproofer, Pool Paving Sealer
Limestone - Anti Graffiti	Paving & Concrete Sealer, Limestone & Sandstone Sealer, BondCrete
Limestone - Sealer/Binder (Vertical Surfaces)	Paving & Concrete Sealer, Limestone & Sandstone Sealer, BondCrete
Mount Gambier Stone - Sealer/Binder (Vertical Surfaces)	Natural Finish Sealer
Oil Resistant Coating - Concrete - Internal - Trafficable	Multi Surface Waterproofer, Thompson's Water Seal, Thompson's Water Seal Ultra, Pool Paving Sealer
Pavers - Concrete, Clay - Clear Gloss Finish	Paving & Concrete Sealer
Pavers - Clay - Low Sheen Finish	Natural Finish Sealer
Pavers - Penetrating	Thompson's Water Seal, Thompson's Water Seal Ultra, Multi Surface Waterproofer, Pool Paving Sealer
Pavers - Pool Areas	Natural Finish Sealer, Multi Surface Waterproofer, Thompson's Water Seal, Thompson's Water Seal Ultra, Pool Paving Sealer
Pavers - Reconstituted Limestone/Urbanstone	Natural Finish Sealer, Multi Surface Waterproofer, Thompson's Water Seal, Thompson's Water Seal Ultra, Pool Paving Sealer
Pots - Sealing	Pot Sealer, Pot & Ornament Sealer, PondTite Clear, Multi Surface Waterproofer, Thompson's Water Seal, Thompson's Ultra, Epoxy-Prep Surface Conditioner
Rammed Earth/Mud Brick - Sealer/Binder	Paving & Concrete Sealer, Limestone & Sandstone Sealer, BondCrete
Reconstituted Limestone - Water Repellent (Low Sheen Finish)	Natural Finish Sealer
Reconstituted Limestone - Water Repellent	Multi Surface Waterproofer, Thompson's Water Seal, Thompson's Water Seal Ultra
Rendered Walls - Sealer/Water Repellent (Low Sheen Finish)	Natural Finish Sealer
Rendered Walls - Sealer/Water Repellent (Penetrating)	Multi Surface Waterproofer, Thompson's Water Seal, Thompson's Water Seal Ultra
Sacrificial Anti Graffiti Coating	Paving & Concrete Sealer, Natural Finish Sealer, Limestone & Sandstone Sealer
Sandstone Sealer/Binder (Vertical only)	Limestone & Sandstone Sealer
Sealing Clay Pavers	Natural Finish Sealer, Paving & Concrete Sealer, Thompson's Water Seal, Thompson's Water Seal Ultra
Sealing Concrete Floors - Internal or external	BondCrete, Paving & Concrete Sealer, Tileguard Tintable Concrete Floor Sealer, Epoxy-Prep
Sealing Mud Bricks	Paving & Concrete Sealer
Sealing Pavers - Around Salt Water & Chlorinated Water Pools	Natural Finish Sealer, Multi Surface Waterproofer, Thompson's Water Seal, Thompson's Water Seal Ultra, Pool Paving Sealer
Sealing Tiling Grout - Existing Tiled Areas	Tileguard Tile & Grout Sealer, ShowerTite
Shower Recess - Waterproofing - Grout After Tiling	Tileguard Tile & Grout Sealer, ShowerTite
Slate Sealer - Clear	Tileguard Slate Sealer, Monolac

Swimming Pools - Sealing Concrete Paving Surrounds	Natural Finish Sealer, Multi Surface Waterproofer, Thompson's Water Seal, Thompson's Water Seal Ultra
Terracotta Garden Pots - Sealing	Pot Sealer, Pot & Ornament Sealer, Tileguard Terracotta Sealer, Thompson's Water Seal, Thompson's Water Seal Ultra
Terracotta Tiles - Sealer	Tileguard Terracotta Sealer, Thompson's Water Seal, Multi Surface Waterproofer
Tile & Grout Sealer	Tileguard Tile & Grout Sealer, ShowerTite
Timber - Penetrating Sealer - Clear	Multi Surface Waterproofer, Thompson's Water Seal
Toodyay Stone - Water Repellent (Low Sheen Finish)	Natural Finish Sealer, Monolac
Toodyay Stone - Water Repellent (Penetrating)	Multi Surface Waterproofer, Thompson's Water Seal, Thompson's Water Seal Ultra
Urbanstone - Sealer (Low Sheen Finish)	Natural Finish Sealer
Urbanstone - Sealer (Penetrating)	Multi Surface Waterproofer, Thompson's Water Seal, Thompson's Water Seal Ultra
Water Repellent Coating - Clear - Solvent Based	Multi Surface Waterproofer, Pool Paving Sealer
Water Repellent Coating - Clear - Water Based	Natural Finish Sealer
Concrete Sealer - Can Be Tiled/Carpeted Over	BondCrete, Epoxy-Prep Surface Conditioner

TIMBER CARE

Timber Effects	TimberEffects, TimberEffects GP Primer
Timber Finishes - Clear	Monocel, Monocel Gold
Timber Finishes - Stain & Varnish	Monocel Stain & Varnish, Monocel Gold Stain & Varnish
Timber Sealer - Water Based	Monocel All Purpose Timber Sealer
Timber - Penetrating Sealer - Clear	Multi Surface Waterproofer, Thompson's Water Seal
Timber Decking	Monocel Decking Oil, Thompson's Water Seal, TimberEffects, Multi Surface Waterproofer
Timber Door Finish	Monocel Gold Stain & Varnish, Monocel Gold

WATERPROOFING

Backfill - Retaining Wall Waterproofing	Waterbased Bitumen, DuraTite, Silasec, AquaTite
Basement - Waterproofing - Positive Side	PondTite Clear, Silasec, HydroCrete SBR - in conjunction with cement, Epoxy-Prep Surface Conditioner
Bathrooms - Waterproofing - Prior To Tiling	AquaTite, DuraTite, Epoxy-Prep Surface Conditioner
Basement - Weeping Concrete - Negative Side	Epoxy-Prep Surface Conditioner, Silasec
Concrete Balconies/Roofs - No Tiles Or Topping - Waterproofing	AquaTite, DuraTite
Concrete Damp Proofing - Rising Damp	Epoxy-Prep Surface Conditioner
Concrete Floor - To Stop Water Rising	Epoxy-Prep Surface Conditioner
Concrete - Green - Surface Conditioner	Epoxy-Prep Surface Conditioner
Concrete Tank Leaking - External	Silasec, AquaPutty
Concrete Tank Leaking - External Without Removing Water	Silasec, AquaPutty
Concrete Tank Waterproofing - Internal	Silasec, Epoxy-Prep Surface Conditioner, AquaPutty
Concrete Waterproofing - Membrane	AquaTite, DuraTite, PondTite, TerraTite, Waterbased Bitumen, Epoxy-Prep Surface Conditioner
Dampness - Prevent Rising Through Concrete	Epoxy-Prep Surface Conditioner, Silasec
Fish Ponds Concrete - Waterproofing Clear Finish	PondTite Clear
Fish Ponds Concrete - Additive	Silasec
Floor - Rising Damp - Internal	Epoxy-Prep Surface Conditioner
Kitchens - Waterproofing - Prior to Tiling	AquaTite, Epoxy-Prep Surface Conditioner, DuraTite
Liquid Membrane	PondTite, AquaTite, TerraTite, DuraTite, Waterbased Bitumen
Metal Gutters	Waterbased Bitumen, DuraTite, AquaPutty
Planter Boxes - Waterproofing	AquaTite, Waterbased Bitumen, Silasec, PondTite, PondTite Clear, Epoxy Prep Surface Conditioner, AquaPutty
Pond Sealing	PondTite, Epoxy-Prep Surface Conditioner, Silasec, PondTite Clear
Reinforcing Fabric	Polyweave
Retaining Walls - Waterproofing	Waterbased Bitumen, DuraTite, AquaTite, Silasec, Epoxy-Prep Surface Conditioner, HydroCrete SBR

Rising Dampness Prevention - Concrete Floor - Internal	Epoxy-Prep Surface Conditioner
Shower Recess - Waterproofing - Prior to Tiling	AquaTite, DuraTite, Epoxy-Prep Surface Conditioner
Terracotta Garden Pots (unglazed) - Waterproofing	TerraTite, Pot Sealer, Pot & Ornament Sealer, PondTite Clear
UV Resistant Waterproofing Membrane	Duratite
Waterproofing - Potable Water Approved	Silasec, Epoxy-Prep Surface Conditioner, Waterbased Bitumen
Waterproofing Additive - Cement Modifier	HydroCrete, Silasec, Waterbased Bitumen
Waterproofing Membrane - Flexible Acrylic/SBR	AquaTite, PondTite, DuraTite
Waterproofing Membrane - Balconies/Wet Areas prior to tiling	AquaTite, DuraTite, Epoxy-Prep Surface Conditioner
Waterproofing Membrane	Waterbased Bitumen, DuraTite, AquaTite, TerraTite, PondTite
Water Tanks - Concrete	Silasec, Epoxy-Prep Surface Conditioner, AquaPutty
Wet Areas Waterproofing - Prior to Tiling	AquaTite, Epoxy-Prep Surface Conditioner, DuraTite

MISCELLANEOUS

Corner Tape	CornerTape
Lubricant	Ballistol
Quick Set Water Proofing Putty	AquaPutty
Wipes	BigWipes
Spray Painting	Earlex

The solution.
