## Building Product Information Sheet

Product name:

Gripset Betta Undertile Membrane

Product line (the product line from which the product is customised):

Product description and its intended use (measurements, materials, usage):

1. Gripset Betta Undertile Membran are manufactured from liquid-applied elastomeric synthetic rubber for use as waterproofing membranes for internal wet areas of buildings, within the following scope:

- a) on floor substrates of concrete, flooring grade particleboard, plywood, compressed fibre cement sheet and fibre cement sheet tile underlay, and on wall substrate of concrete, concrete masonry, wet area fibre cement sheet lining systems and wet area plasterboard lining systems; and
- b) when protected from physical damage by ceramic or stone tile finishes; and,
- c) where floors are designed and constructed such that deflections do not exceed 1/360th of the span.
- d) The membranes must be installed by trained installers, approved by Bondall Pty Ltd

Product identifier (if applicable):

Place of manufacture:  Aotearoa New Zealand  Overseas

Legal and trading name of the manufacturer(s):

Bondall Pty Ltd

Legal and trading name of the importer (if applicable):

Address for service:

STREET NAME	2/115 Belmont Avenue	SUBURB	Belmont
CITY, COUNTRY	WA	POSTCODE	6104
