MOULD RID

REVISED: OCTOBER 2004

DESCRIPTION

Tileguard Mould Rid™ is a very effective remover of moss and mould from kitchen, bathroom and laundry areas. It does not contain chlorine.

TEST AREA. Always test on a small inconspicuous area, to ensure that the product is achieving the desired result, prior to application over the entire area.

FEATURES AND BENEFITS

- Very effective remover of moss and mould
- Does not contain chlorine
- Suitable for interior and exterior use

SURFACE PREPARATION

No special preparation.

APPLICATION

- Apply Mould Rid undiluted to the entire surface, not just too visible areas as some spores may still be present. To ensure complete kill and effectiveness, this treatment should be allowed to remain on the surface for at least 24 hours.
- After this time the surface should be washed down with clean water.
- Ensure the surface has dried completely before commencement of any painting/coating.

COVERAGE

Approximately 3-4 square metres per litre depending on porosity and texture of substrate.

THINNING

Use undiluted for first application. Dilute 1 part to 2 parts water for second or subsequent applications.

CLEAN UP

Clean all equipment promptly with warm water and a little detergent followed by a fresh water rinse. Do not pour contents or washings down drains or sinks.

COLOUR

Clear liquid

SIZES

750ml spray bottle

PRECAUTION/FIRST AID

It is recommended that normal personal protective clothing should be worn, including coveralls, impervious gloves and goggles. Avoid unnecessary skin contact and inhalation. Use a suitable respirator if spray application is employed. If swallowed, contact a doctor or the Poison Information Centre on 13 11 26. Give a glass of water to drink and do not induce vomiting.

Should skin contact occur wash immediately and very thoroughly with water. Seek medical attention if irritation occurs. If eye contact occurs hold eye open and wash continuously with clean water for at least 15 minutes. Seek medical advice. Refer to MSDS for more details.

DISCLAIMER

The performance of this product is dependant upon its correct preparation, application onto sound surfaces and attention to the instructions on the label. The wide variety of surface conditions make it impossible for the company to assume liability for any loss, consequential or otherwise, arising from the use of this product. Should the product be found defective our liability shall be limited to the replacement of the product only. We reserve the right to amend specification and application techniques without prior notice.
